Dual Degree
AA-DTA & AAS-T in Allied Health
Pre-Physician Assistant Preparation Pathway

This sheet is designed as an advising tool for students wanting to complete both the AA-DTA degree and the AAS-T in Allied Health: Generalist degree at the same time while incorporating key clinical preparation courses. It is to be used in conjunction with the AA-DTA degree planning worksheet and the AAS-T in Allied Health: Generalist degree curriculum worksheet.

This dual degree is a great pathway to the Bachelor of Applied Science (BAS) in Allied Health: Community Health & Education, pre-Physician Assistant option. Please contact AlliedHealthBAS@seattlecolleges.edu for more information about the BAS program.

It is the student's responsibility to verify all degree requirements with an advisor. Information may change without notice. Please note that there are applications required for the AAS-T and BAS programs.
