The Voice of WOIS!

What is WOIS?
It translates into Washington Occupational Information System and has been the primary source of career / employment information for Washington State for over 30 years. It includes a comprehensive system of information about occupations, educational training programs and post-secondary schools, in addition to many other features.

What makes WOIS stand out from other online career resources?
- WOIS is user friendly and easy to navigate
- WOIS is thorough and highly detailed in the information it provides
- The information is more up-to-date than any other site
- Users can create a portfolio to keep track of their interests, research, resumes, and more.

WOIS / The Career Information System offers many resources.

Resources Available on WOIS
• Four Assessment Inventories to help students identify their interests, skills, and values in the work environment.
• Quick access to everything you could want to know about a career.
• Employment outlook for over 1000 careers in Washington State.
• Information on 300+ post-secondary schools in Washington State.
• Over 400 educational program descriptions.
• Over 300 career videos in both English and Spanish
• Links to professional associations, college websites, licensing agencies, and actual job openings.
