
SCCC Mathematics Faculty Profile

Name: **James Gray**

1.) Group Work

How often do you do group work in your courses or require students to work in groups?

Never	Rarely	Sometimes	Often	Very Often
<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Comments on Group Work:

Often students are encouraged to work together. However, students turn in their individual work.

2.) WAMAP*

How often do you do use WAMAP in your courses?

Never	Rarely	Sometimes	Often	Very Often
<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

*WAMAP.org is an online homework/assessment tool.

Comments on WAMAP:

I sometimes use WAMAP and other online homework, although I haven't used in a few quarters.

3.) Reading or Prep Assignments

How often do you do require students to complete reading or other assignments BEFORE you discuss material in class?

Never	Rarely	Sometimes	Often	Very Often
<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Comments on Reading or Prep Assignments:

Reading assignments have not been part of my class in many years. Its possible to start again, but unlikely.

4.) Homework

How often do you assign homework in your class?

Never	Rarely	Some Days	Almost Daily	Daily
<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Comments on Homework:

I have heard that my homework load is heavy. Normally homework is due on the day of the exam pertaining to the homework (every two weeks or so). There are many extra credit opportunities to motivate keeping up on the homework.

Higher level classes (Math 141, and above) will have more frequent homework.

5.) Teaching Philosophy and Other Comments

How would you describe your general teaching philosophy and what other comments would you like to share with potential students?

My top goal is to provide every student success in mathematics. See me for specific details.
